

# PRESSMEN TO VISIT THIS CENTER

Through joint arrangements of the OWI and the WRA, the Rohwer center will hold open house on June 30 and July 1 for a group of newspapermen.

Representatives from the papers in Arkansas, Texas, Mississippi, Louisiana and possibly other states as well as the Associated Press, the United Press and the International News Service have been in-

vited. Radiomen and photographers are also expected to come during the two days.

The newspapermen are expected to arrive either Wednesday or Thursday and will be allowed to look around anywhere in the Center. The only restriction will be the observation of the customary rights of privacy of the homes. Meal passes will be provided so that they may eat in

any of the mess halls.

A brief entertainment program featuring evacuee talent will be presented on one of the days. Aside from that, there will be no change in daily activities.

Project Director Ray D. Johnston requested that all departments in the Center cooperate with the visitors in the matter of giving them any information that they may seek.

## MI SCHOOL WILL ACCEPT RECRUITS

The MIS Language school of Camp Savage, Minn., will send a representative to Rohwer soon to interview and recruit candidates in the Center, disclosed a wire received by Project Director Ray D. Johnston.

Those interested may see E. B. Moulton of the Employment division in Ad building 2.

## CURFEW OK'D

### Supreme Court Hands Decision

With the words, "High Court Backs Japanese Curfew," the New York Times recently announced that the Supreme Court unanimously upheld the curfew regulations as "military necessities which are within the powers of Army commanders."

Testing their rights as native-born citizens, Gordon Kiyoshi Hirabayashi of Seattle and Minoru Yasui of Portland, Ore., were concerned in the controversy.

The court, through Chief Justice Stone, said:

"We cannot close our eyes to the fact, demonstrated by

experience, that in time of war residents having ethnic affiliations with an invading enemy may be a greater source of danger than those of a different ancestry."

The court did not, as asked in one of the cases, decide the validity of evacuation regulations issued on the West coast.

Chief Justice Stone stated, "...we cannot reject as unfounded the judgment of the military authorities and of Congress that there were disloyal members of that population, whose number and strength could not be precisely and quickly ascertained."

"We cannot say that the war-making branches of the Government did not have ground for believing that in a critical hour such persons could not readily be isolated and separately dealt with, and constituted a menace to the national defense and safety, which demanded that prompt and adequate measures be taken to guard against it."

## Seattle Group Wires Regrets

The OUTPOST received the following wire yesterday from Seattle, Wash., sent by the Fellowship of Reconciliation through Amy Smith, chairman:

WE DEEPLY REGRET SUPREME COURT DECISION UPHOLDING CONSTITUTIONALITY OF EVACUATION POLICY. WE WANT YOU TO KNOW OF OUR CONTINUING FRIENDSHIP AND OF OUR RESOLVE TO KEEP ON WORKING IN EVERY WAY POSSIBLE FOR A RESTORATION OF THAT HISTORIC AMERICANISM WHICH HOLD ALL CITIZENS EQUAL UNDER LAW.

## DILLON MYER PRESENTS FACTUAL TALK ON WRA TO RADIO PUBLIC

In answer to various accusations and statements made by the Dies committee, National WRA Director Dillon S. Myer presented the true facts on the NBC "March of Time" radio program Thursday night.

The purpose of the WRA, stated Myer, is first to provide temporary homes for the Japanese evacuated from the West coast and second to assist in their relocation and resettlement.

The 10 relocation centers were declared not to be internment camps or prisoners of war camps. Myer also stated that two-thirds of the evacuees are by right and birth citizens of the United States and 72% have never seen Japan. 100,000 persons of Japanese ancestry were evacuated and 20,000 in other parts of the nation as well as the 160,000 in Hawaii were not

EDUCATIONAL FILMS  
TO BE SHOWN

Approximately 1000 Center residents enjoyed the outdoor movies shown by CA Tuesday night on the high school field.

The regular schedule for screening of visual educational films will be on Sunday from 8:30 p.m. on the high school field.

In case the films arrive off schedule, announcements of special showings will be made through the blocks.

GULFPORT by IRIS  
DIARY KOBAYASHI

Left Monday, June 7, 5 a.m., for CR confab at Gulfport, Miss. Left McGohee at 8:35 a.m.; arrived at Tallulah, La., at 10:07 a.m.

After everyone else had stepped off, asked to remove ourselves--found we had boarded wrong bus. Stranded for 3 hours...at least, they had cokes.

Finally got into Jackson, Miss., and after the sweltering heat, the modern air-conditioned bus depot was temporary paradise. Mistaken for Filipinos, Chinese, Mexicans, Indians, Hawaiians and occasionally "Japs."

Spent the night at the YWCA. Tuesday a.m. boarded Gulfport-bound train.

At last, at 12:38 noon, reached our destination, Gulfport. Made a beeline to the nearest eatery. A little shopping (were mistaken for soldiers' wives) and a dash back to the train for the 2 cars waiting to take us to Gulfport college where the conference was to be held.

Met Jerome delegates: Mary Kasai, conference song-leader; Alice Inamoto, conference pianist; Violet Norma, Janet Sato and Dottie Yamaguchi.

Went swimming the first day in the Gulf of Mexico!

"Solve Problem in American Way," Myer

(Continued from page 1) affected.

Myer also disclosed that 9000 Americans of Japanese descent are members of our armed forces.

In reply to the recent charges of the Dies committee that the Japanese being released from the relocation centers are spies and saboteurs, Myer said of the 14,000 relocated to date, not one has been found to be disloyal to this country. The fact that no Japanese has entered this country since 1924 was made. All of the alien Japanese have been here for more than 19 years; many as long as 40.

Myer reviewing how the axis have treated their minority problems challenged America to solve her problem "in the American way."

## RELOCATION TO CHICAGO AREA HALTED, 10 DAYS

Rumors that Chicago is now closed to relocating evacuees were denied by the leave section.

Because of a Furniture Mart convention from June 20 to 30, housing conditions became so critical that the WRA office closed Chicago for the ten-day period.

However, those (1) who have an invitation from the hostel, (2) who can make own housing arrangements through friends, relatives or employer and (3) who already have their arrival approved are free to leave.

After June 30 leaves to Chicago will be cleared as before.

## RAIN PROVES TO BE LIFESAVER

"We needed it bad, and we can call it a 'million dollar rain,'" stated Ben Reeves, farm superintendent, when asked about the effect of Wednesday's one-hour downpour on the farm.

It was a lifesaver to the 100 acres of newly planted soy beans and 12 acres of kidney beans which were having a hard time breaking through.

At the same time, it made possible the start yesterday afternoon of the planting of 100,000 sweet potato plants, just received.

Installation of a new pump to relieve the lack of rainfall was completed just that morning and 30 workers were still preparing flumes for irrigation when the rains came. However, no irrigation will be necessary for a week or so, added Reeves.

## HANDICRAFT EXHIBIT TO BE HELD BY WOODCRAFT MEN

### Knuckles Down!

Today, from 9 a.m., the first Center-wide Marble contest will be held on the high school field.

Prizes will be offered.

### He Was Driving in the Rain—

Twenty-three-year old Sam Yuki of Block 8 was given a sudden jolt last Wednesday afternoon when with a "CRACKLE" and a "poof" a cloud of dust jumped up next to him while he was earnestly driving his tractor on the farm. It all happened during Wednesday's electrical storm.

Astounded by the explosion, he instinctively ducked low and when he looked up he found himself enveloped in a cloud of dust.

Upon investigation of the tractor, it was revealed that the top portion of the air cleaner was burned and the bottom part was scorched by a streak of lightning.

"For a minute I thought I was dead, and you won't catch me on a tractor in a thunder storm again," said Sam Yuki.

Other parts of the Center were also given devastating attacks by this unwelcome guest. A transformer and a tree were hit in back of the canteen, and another tree was split in Block 24.--Kaz Fukuya.

## MINORITY RIGHTS GROUP

In a resolution, The Council for Minority Rights of Seattle, Wash., asked Pacific Coast "leadership" to support "the government in its effort to effect a statesmanlike solution of the 'Oriental Problem' rather than to oppose the program because of the prevalence of racist philosophy."

Agreeing with President Roosevelt that "Americanism is not, and never was, a matter of race or ancestry"

Among the many Fourth of July activities will be the handicraft exhibit to be put on by the woodcarving and painting class of Yoshio Yoshioka on July 2, 3 and 4 in PS hall 24. Woven goods by the weaving class will also be shown.

Doors will open from 8:30 to 11:30 a.m. and from 1:30 to 9 p.m.

The woodcarving display will include over 70 figures of people and animals carved out of walnut, gumwood and other local wood. Listed in the painting collection are some 60 oil and water-color entries. The weaving display will present cotton and linen table cloths and luncheon sets, afghans, rugs, baby blankets and woolen material.

Yoshioka, who studied art work in Japan from 1935 to 1937, is conducting handicraft classes daily except Saturday and Sunday in PS hall 24 from 8:30 to 11 a.m. and 7 to 8:30 p.m. Woodcarving classes are held on Monday, Wednesday and Friday; drawing and painting classes on Tuesday and Thursday.

"All those who wish to join the classes are encouraged to sign up at 8-10-C," said Yoshioka.

PS hall 15--"Lady Eve"

PS hall 33--"Eagle Squadron"

## CLUB NOTES

● Taking a hint from the recent unpredictable Arkansas weather, the Block 24 Californians will toss a "Hurricane Hop" tonight from 8:15 p.m. in Mess hall 24.

An invitational club affair, the social will be emceed by George Akimoto. Guest of honor will be Reno Tomura, clubmember, who will be leaving Tuesday for Chicago, Ill.

### ● "Hawaii calls!"

The Thirty-eight Toppers will sponsor an All-Hawaiian recording hour on July 1 from 8 p.m. in Block 38. Requests for special numbers may be turned into the Block 38 office.

Officers of the progressive Thirty-eight Toppers are Eddie Koyama, president; Gary Matsuura, vice president; Tea Yakura, secretary; Larry Matsuura, treasurer; Raymond Arao, social chairman; and Robert Arao, general chairman. Adviser is Harry Jiro Abo.

● So that Centerites may make the most of the many Independence Day activities, the "Fourth of July Fling" will be held on July 2, instead of July 3 as was originally scheduled.

The co-sponsors, White Knights of the Round Table and the Rohwering F-40ettes, promise holiday outings an evening of well-rounded fun and festivities. Melodious music, jumping jive tunes, door prizes, entertainment and refreshing refreshments will be just the beginning.

Limited numbers of "couples only" bids are still available from club members.

● Rohwer GR's will hold a Girl Reserves rally Tuesday at 8 p.m. in the YW clubroom.

Highlight of the evening will be reports by the nine delegates to the Gulf Park conference held at Gulfport, Miss., June 8-16. They are Fumi Momono, Lily Hirahara, Kazuyo Yoshimoto, Margaret Shimidzu and Iris Kobayashi; and advisers Yano Debashi, Mary Yamasaki, Mae Kataoka and Setsuko Fujita.

## POSTONIAN TO TALK

### R.F.C.C. TO HEAR GUESTS' VIEWS

Guest speakers at tomorrow's RFCC services will be the Rev. C. J. Burnett, superintendent of the Pacific Coast Japanese Free Methodist church, and Mrs. Lillian Burnett, assistant superintendent.

The Rev. Burnett will speak on the "The Way of Salvation" at the English service, and on "The Spiritual Exploits" at the Japanese Evangelistic meeting at 8 p.m. in PS hall 2. Chairmen of the meetings will be Tomoo Inouye and the Rev. Yoshimatsu Oyama.

Mrs. Burnett will speak on "The Palm Tree" at the Japanese service at 10 a.m. at PS hall 2, and on "When Say Yo That I Am?" at the YPCF hour at 7:30 p.m. in PS hall 20. Respective chairmen for the services will be the Rev. Oyama and Fred Koyama.

### "Ono" Practice

Come out and join the "Ono" line!

Practice is held every night on the high school field in preparation for July 3rd, Rohwer's "Ono" night.

The hospital clinic takes patients from 10 to 11:30 in the morning every day of the week except on Sunday and will take prenatal cases from 2 to 4 p.m. on Mondays. Only emergency cases will be attended to in the afternoon.

Receptionists at the clinic are as follows: Yumi Sato, Setsuko Fujita, Sakaye Nakatsuru, Mrs. Naomi Fujita and Mrs. M. Kubota.

The staff of doctors is on duty at the clinic unless called upon special cases.

## STUDENT CHRISTIAN ASKS SENATOR FOR FAIRER PLAY

The Southwest Regional conference of the Student Christian Movement, composed of students from Arkansas, Texas, Oklahoma and Missouri, met at Holister, Mo., recently.

The group drafted a letter to Senator Tom Stewart regarding his recent statements asking for the revocation of citizenships from the Americans of Japanese ancestry.

Steward had said, "I do not believe there stands today upon the free soil of the United States of America one single solitary Jap,

one single solitary person with Japanese blood in his veins but what there stands a man who will stab you in the back."

Agreeing that there are some persons of Japanese ancestry who are disloyal but stating that no evidence validating his unpromising accusations has been disclosed, the conference quoted official statements to prove their point.

"The War department has received no information of sabotage committed by Japanese during the attack on Pearl Harbor." Secretary of War Stimson.

".....we have had no sabotage and no fifth column activities in this state since the beginning of the war." California Attorney-General Warren (now Governor).

Citing figures and the record of nisei soldiers, they concluded by asking Stewart to desist in making a racial issue of the problem.

Copies of the letters are being forwarded to President Roosevelt and to various individuals by the conference delegates.

## GRADUATION PHOTOS FOR SEWING CLASSES

Graduation pictures of the Saturday sewing school are ready for distribution. Graduates may call for them at the classrooms of their respective sewing instructors.

## ROHWER HIGH SCHOOL NOTES

Report cards for the second six weeks were sent out during the middle of the week.....For the fall term beginning next week, pupils will make choice of subjects.....Educational films ordered by the school have begun to arrive. "Choosing a Vocation" was shown last Thursday to schools in Blocks 31 and 35.....Assembly was sponsored by Mattie Loflar's 11-A-3. Mrs. Ben Ramsdell, Alton Cole and Ira Holland were the faculty attractions and Jean Ziegler, high school student, sang.

## Letters to the Editor

Dear Co-op Member:

You say that the variety of stock is too small and that Co-op stores carry only goods that have a quick turnover and a large margin of profit. Yes, variety is not many because the capital is small. Goods that have a quick turnover must be purchased because they reflect where people's demands are, and we must avoid dead stock.

The margin of profit differs according to the kinds of goods. Cheapest are grocery, tobacco and cigarettes. Then comes hardware and dry goods. The highest being jewelry. This was computed by the degree of quick turnover. It cannot be criticized without classification.

You say the Co-op considers the accumulation of money too important. But, how can we increase the variety of stock without saving profits? We started business with only \$250 capital nine months ago, and today we have or you own \$33,928 worth of merchandise. However, this was made possible because of cheap salaries and cheap rent. We never sold anything above the retail market prices.

You say that people leaving Center neglect to collect their patronage refunds. You must be speaking about some other centers. The Rohwer Co-op has not and will not make any refunds until next Sept. 30. We are refunding the \$1 membership fee and transferring used coupon books to someone else when each member leaves this Center. (Accumulated reserve funds will be distributed among members upon the purchased amounts at the time of dissolution.)

Any suggestions or criticisms from members will always be welcomed and explained in details by our General Manager at Warehouse No. 6 or myself at the Canteen.

Hideo Ito, Grievance Committee  
and Canteen Manager

Dear Editor:

On June 3, the joint meeting of Block managers, Community council, Board of Issei representatives and a representative of the Rohwer Young Men's association, with due deliberation, retracted a resolution made on May 19, concerning Dr. Kanagawa and Dr. Sasaki.

It was discovered that our report upon which the resolution was based, was erroneous in fact.

The Committee members wish to express their sincere regrets.

The Committee on doctors' problems.

## EDITORIALS

## WEALTH-JOB WELL DONE

Adam Smith in his "Wealth of the Nations" laid down as one of the fundamental concepts for the rapid rise of industrialization, the utilization of division of labor.

"...and this subdivision of employment in philosophy, as well as in every other business, improves dexterity, and saves time. Each individual becomes more expert in his own peculiar branch, more work is done upon the whole, and the quantity of science is considerably increased by it.

"It is the great multiplication of the productions of all the different arts, in consequence of the division of labour, which occasions, in a well-governed society, that universal opulence which extends itself to the lowest ranks of the people. Every other workman being in exactly in the same situation, he is enabled to exchange a great quantity of his own goods for a great quantity of theirs, or, what comes to the same thing, for the price of a great quantity of theirs."

The words that Smith laid down in the 18th century still holds true in our decade and it will be well for the Center residents to heed the words of this great economist.

If Rohwer is to claim the distinction of having a well-governed society and gain the advantages of greater returns, every resident must be willing to share mutually, equally and fully the work that is essential to create a better community.

"Without the assistance and cooperation of many thousands," in each and every one of the many divisions, our Center will be a helpless, disorganized husk.

It should be remembered that monetary returns is not our chief concern, but that the satisfaction of doing our job as well or better than our fellow men will compensate us by welding this community into a unified, better organized society.

## OPEN HOUSE

Rohwer will play host to newspapermen, radiomen and photographers on Wednesday and Thursday. The visit was arranged through the OWI and the WRA in order to allow these men to see the life and activities in the relocation projects.

Full information, dealing with the Center life, will be made available for the men, and they will be allowed to look around the Center unaccompanied to see the existing conditions. The only restriction placed on them will be to observe the customary rights of privacy of individuals and families.

The WRA feels that many of the charges that have appeared in the newspapers from time to time have not wholly been fair and it also believes that by providing these men with an opportunity to gather facts about the Project, many of the misunderstandings concerning the relocation centers will be dissipated.

It is hoped that the evacuees and the appointed personnel will aid these men in obtaining a clear picture of what relocation life is like.

If life were made of joy  
and cheer,  
With naught to pain or  
grieve,  
We might be so contented  
here  
We wouldn't want to leave.  
--Marjorie.

## BENCH WARMER

By

KANGO

It is a known fact that whenever a nisei athlete competes on a team composed wholly of Caucasians, the nisei will usually stand out among all the players. Why? Maybe because he is on the spot for being a nisei. Maybe because he wants to prove that the nisei are just as equal as the Caucasians. Maybe because his girl is watching him. Anyway, the nisei seem to try harder when they are among athletes of other races.

What would happen if nisei athletes were playing for a team composed only of nisei. Would the stars still stand out? Usually they don't. But would the team be stronger...or weaker?

Evacuation answered the questions when the nisei were herded together into one camp and all-nisei teams were established in all the centers. How did they hold up against outside competition? Here are some of the records.

The most successful center team was Granada's Amache high school basketball five. Playing twelve games with outside competition, the nisei prep team won ten and lost only two. Their "B" squad rolled over all competition.

Heart Mountain's prep five did not fare so well against outside competition, losing three tilts and winning a goose-egg.

The disadvantage against the nisei basketball teams is that the Caucasian five's always had a terrific height advantage. The Colorado prep team made up the difference by speed and smooth ball-handling.

Baseball seems to be the nisei's meat as the center nines usually come up on top against outside teams.

Minidoka's all-star team has slaughtered two outside semi-pro teams and expects to enter the annual Idaho State semi-pro tournament. With a team composed of former prep and semi-pro

# ROHWER ALL-STARS PLAY MILITARY POLICE

## HURLING DUEL EXPECTED

The Rohwer "A" league all-stars will attempt to put the skids on the Military Police nine's winning streak tonight at the high school field.

Behind the brilliant chucking of Sgt. Burke the soldiers have so far doomed every team they have faced from this Center. The most runs any center nine has been able to garner against Sgt. Burke, a former semi-pro, in any single game was one run. The soldier hurler strikes out an average of twelve men a game and is plenty stingy with hits.

Another player to watch on the Military Police nine is Sgt. Burke's battery mate, catcher Knott. Knott backstops like a veteran and any man who can catch Sgt. Burke's slants must be plenty good.

The local all-stars will have the services of Shiro Mizufuka, who is about tops in this Center, on the mound. Shiro may more than match Sgt. Burke in this hurling duel. The all-stars also have on deck Sam Iida, who lost a 1-0 heart breaker to the soldiers last week, and Kumao Shimamoto, who has faced the soldiers twice already and more than held his own in those two appearances.

The Center nine has the better infield with every player a slick fielder. The only way the soldiers can hit the ball through that impregnable wall is over their heads.

Yamatos Battle  
Three Stars Sunday

Lodi will attempt to win the first league game when they cross bats with Shiro Mizufuka's Dodgers at the Junior high school field this afternoon.

The Dodgers, making their first appearance in league competition, will have young Joey Noma, prep hurling ace, on the mound with Henry Yoshitake backstopping. Hurling against Noma will be Lodi's mainstay, Will Kagawa.

The youngest nine in the "A" league, the Dodgers may pull an upset if their bats start clicking. On the other hand, the Lodi squad must come out of their hitting rut in order

## Flames Down Joker Y's 12-5 To Cop Crown

Behind 5-3, the youthful Flames, National league champions, put on a nine-run rally in the sixth inning to whip the American league winners, the Joker Y's, 12-5, at the high school diamond Thursday before a large crowd.

Bases on balls and costly errors, coupled by hits here and there, accounted for the huge rally.

The win enabled the Flames to lay claim as the class "B" undisputed champions.

## HEALTH TEST FOR YOUTHS

The present plan of the government, other than to win the war, is to train the youth of today into healthy specimens for the future. All their programs for the youth of today stress health--food for better health, exercise for better health.

The athletic department of Rohwer is instructed to follow the program. Through the Department of Interior and the Board of Education, a health test has been formulated and anyone interested in it may take it.

The tests include running the dashes, pull-ups,

baseball throw for distance and accuracy, broad jump and other similar tests.

Anyone passing the tests will receive a certificate direct from Washington, D.C., and a badge may be had for a charge of ten cents.

This test is especially suited for high school students and is for both boys and girls. Anyone of average strength can pass it without difficulty.

Those interested are requested to register at PS hall 32 with George "Pop" Suzuki, athletic department head.

## Yamatos Meet Three Stars

to win this game.

The Stockton Yamatos make their debut in the "A" league tomorrow afternoon at the same field when they face the high-riding Three Star team, who dominated the Lodi Templars, 4-1, last week.

The powerful Yamato nine took one on the chin when Ted Kanibayashi, their ace hurler, left for outside employment yesterday. The Stockton nine also expects to lose 'Mazzra' Horita and diminutive Fred Masai through the same channels in the near future.

Burly Archie Miyamoto will be on the mound for the Yamatos with young Frank Nakamura behind the plate. Opposing him will be the Three Star's ace, Juli Nishimoto, who hurled his nine to a win last week against the Lodi Templars.

## Softball Entry Deadline Is Tonite

The entry deadline for both the "A" and "B" leagues is tonight and as yet, the majority of the teams have not sent in their entries. No team will be accepted after the deadline tonight, softball commissioner Shiro Mizufuka stressed.

The following teams have entered in the "B" league: 23 Yehudis, Taiyos, Pearl Harbors, Hoson All-Stars, Lucky Strikers, Rohwering 20's and the Commandos.

"B" managers sending in their all-star selections must have their own team's name on the slip or it will not be accepted.

## Issei Sports

In a managers' meeting held Tuesday, it was decided to disband the class "C" league and a new league, the 30-40 league, was formed. The new loop is limited to only those players between the ages of 30 and 40 years.

Teams wishing to enter may hand in their entries at PS hall 32 to Bill Tokunaga, Issei sports commissioner. Monday night is the deadline.

stars, the Hunt center nine has a good chance to cop the title. If they do, it'll boost the nisei another notch in sports.

Tule Lake also has a powerful nine, winning its initial game against the Klamath Falls' semi-pro team, 16-0. Their weightlifting squad also was successful, defeating the Klamath Falls' weightlifting club twice in a row.

The records speak for themselves.

### PLAN CAMP SHELBY GAME

The athletic department is planning to schedule a game with the Camp Shelby's Hawaiian team.

The Island nine has been setting the Army camp and the local towns around the camp with fire, mopping up everything they have to offer up there.

Rohwer could offer some good competition as we have some of the top nisei horsehiders in the country right here. If they should come, it won't be a repeat performance like that Camp Robinson tilt.
